

The main building is a three-story structure with a light beige or cream-colored facade. It features a grid of windows, with each window set framed in a slightly darker, tan color. There are six windows visible on the upper two floors. Several white air conditioning units are mounted on the exterior wall. A metal ladder is attached to the right side of the building, extending from the roof down to the second floor. The ground floor has a recessed entrance area with a glass door.

Four white air conditioning units are mounted on the exterior wall of the main building. Two are on the second floor and two are on the first floor. They are connected to the building by thin pipes and wires.

A smaller, single-story structure with a grey, corrugated metal facade is attached to the right side of the main building. It has a large double door and a window with a white frame. Two red fire extinguishers are visible on the ground near the base of this structure.

A parking lot in front of the building contains several vehicles. From left to right, there is a dark grey sedan with license plate GYG-123, a silver sedan, a silver pickup truck, a dark SUV, a silver SUV with license plate 871-230, a silver SUV with a spare tire on the back, and a silver sedan with license plate 886-738. The ground is paved asphalt.
